Ms. Marlene H. Dortch
Secretary
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

**Re: *Ex Parte* Notice, In the Matter of the Commission's Rules with Regard to
Commercial Operations in the 3550-3650 MHz Band, GN Docket No. 12-354**

Dear Ms. Dortch:

On April 8, 2014, the undersigned spoke via telephone with Brendan Carr, Legal Advisor to Commissioner Pai with respect to the above referenced proceeding. On April 10, 2014, the undersigned also spoke via telephone with Louis Peraertz, Legal Advisor to Commissioner Clyburn.

The purpose of these conversations was to reiterate points previously made by the Joint Content Interests in comments, replies, and *ex partes* in the same docket.¹ Specifically, I noted the important role that incumbent C-Band satellite operations play in television distribution to hundreds of millions of consumers nationwide. Any further notice in the instant proceeding should seek comment on the interference implications of wireless operations adjacent to incumbent C-Band operations from 3.7-4.2 GHz, and a wide range of related mitigation measures.

Please contact me if you have any questions regarding this notice.

Sincerely,

Susan A. Mort

cc: Brendan Carr
Louis Peraertz
